NATIONAL CHEMISTRY STUDENTS' CONGRESS 2015

PACSiklaban

PACSiklaban is an annual inter-collegiate chemistry quiz bee. It is designed to test the skills and knowledge of all participants in Analytical Chemistry, Organic Chemistry, Biochemistry, Inorganic Chemistry, and Physical Chemistry.

SYMPOSIUM

The Symposium consists of talks about the role of chemistry in different fields. There would be four speakers from different affiliations. Each speaker will talk about chemistry and the life of chemists in their respective field. After each talk, a 15-minute open forum will follow wherein students are allowed to discuss and interact with the speakers and their fellow students.

POSTER PRESENTATION

The poster presentation will be a venue for students to present the abstract and overview of their respective unpublished undergrad studies. The top five posters will then be orally presented to the audience on the second day.
